Summary

Driven and results-oriented Software Engineer with a strong foundation in Cyber Security and Software Engineering. Graduated among the top Computer Science Students from Michael Okpara University of Agriculture, Umudike. Experienced in full-stack development using modern frameworks such as React.js, Next.js, Node.js and Django, with additional expertise in Linux, SQL, simulations, and computer-aided design. A proud member of the Nigerian Computer Society (NCS), recognized for excellent problem-solving, communication, and time-management abilities. Committed to delivering innovative and impactful technology solutions.

Core Qualifications

• Proficient in both SQL and NoSQL database systems

• Strong understanding of Agile methodologies and SCRUM practices

• Skilled in building and integrating RESTful and GraphQL APIs

• Experienced in full-stack development using Next.js and Django

• Knowledgeable in cloud platforms, particularly AWS

• Hands-on experience with Docker and implementing CI/CD pipelines

• Proficient in version control using Git and GitHub

Professional Experience
Trending ICTHUB, Umuahia, Abia State, Nigeria
Web Developer

March 2018 - May 2021

- Spearheaded the development and maintenance of high-performance web applications using Next.js and ReactJS.
- Implemented data visualization features in applications, enabling users to interact with complex datasets intuitively.
- Leveraged Django REST API to create robust backend systems for handling datadriven workflows.
- Deployed applications on AWS, ensuring scalability and reliability.

Education

Michael Okpara University of Agriculture, Umudike, Umuahia, Abia State, Nigeria
B.Sc. (Hons) Computer Science (Second Class Honours) *2018
- 2022*

Certifications

- Google IT Support Professional through Coursera (July 2022)
- Amazon Web Services Cloud Practitioner (October 2022)
- Big Data Analytics with Microsoft Excel, SQL, and Python (February 2020)
- Automation with Python through Google and Coursera (June 2022)
- META Backend Program through META and Coursera (March 2023)

Soft Skills

- Strong analytical and problem-solving skills.
- Ability to learn quickly and adapt to new technologies.
    - Excellent communication and teamwork capabilities.
